BUPPI KLEEN POWDER

[Detergent Powder For Buppi Engine Cleaning Machines]

INTRODUCTION

BUPPI KLEEN POWDER is a hot water tank paint stripper and carbon remover for the use on bare or ionized aluminium and magnesium. As a result of its unique formation, it exhibits high surface activity, excellent corrosion behaviour and potent cleaning efficiency. It safely strips organic finishes from aluminium and magnesium parts, removes carbon and sludge from pistons, engine parts and compressor sections of gas turbines. It removes zinc chromates from anodized aluminium sheeting and carbonized soils from aluminium pistons used in aircraft and diesel machines. It also works well in parts cleaning equipment where is mixed with water, heated and sprayed onto the part via a small pressure gun (Buppi machine).

ADVANTAGES

- Safe on most metals
- Biodegradable
- Economical with long service life
- Non-flammable
- Completely rinsable with water.

DILUTION

Mixed at between 10 – 15% with water and heated to 80 degrees C.

METHOD

The parts are put into a basket and lowered into the hot solution for one to two hours. Remove and rinsed or high pressure cleaned.

PHYSICAL PROPERTIES

pH	:	Alkaline
Appearance	:	White coarse powder
Flash Point	:	N/A

CAUTIONS

This is a low value alkaline powder which will cause slight burning to the skin. Eye contact is more severe and if it occurs, wash with plenty of water and seek medical attention.

The recommendations herein are based on laboratory tests and in field use experiments. To the best of our knowledge these are accurate and since conditions of actual use are beyond our control, all recommendations are made without any warranty whatsoever.

WARRANTY

We warrant our goods to conform to our standard specifications. This warranty is in lieu of any and all other warranties or guarantees. Our obligation hereunder for breach of such warranty is limited to either refund of the purchase price or replacement of said product as we may elect. We make no other warranties, express or implied, including those of MERCHANTABILITY and FITNESS FOR A PARTICULAR PURPOSE.

We believe that the statements, technical information and recommendations contained herein are reliable, but are given without warranty or guarantee of any kind except as specified above. Beyond that specified above, we assume no responsibility for any loss, damage or expense, direct or consequential, arising out of the use of, or inability to use, our goods. Their quality and suitability for a particular purpose or use should be confirmed by the user's own tests.
