DRAIN-KLEEN A

[Drain Cleaner - Acid Based]
[DANGEROUS / CORROSION]

INTRODUCTION

DRAIN-KLEEN A is an extremely powerful acidic drain cleaner that must be handled with extreme care and stored in safe place. On application a powerful chemical reaction takes place which opens the drain.

THIS PRODUCT IS LABELLED AS DANGEROUS AND MUST BE TREATED AS SUCH

ADVANTAGES

- Very effective
- Fast and powerful action
- Will not clog drains

APPLICATIONS

Open container partially, stand aside to let any excess gases escape. Carefully open and pour a small amount of DRAIN-KLEEN A into the drain, stand well clear whilst the vigorous chemical action takes place, leave to react for about 5 - 10 minutes and then wash down with clean water.

Should the blockage be in the lower drain and resultantly the water level or overspill not allow for easy access, then insert a piece of suitable flexible pipe, e.g. hosepipe, into the drain until the blockage area is reached and by means of a funnel at the other end carefully pour DRAIN-KLEEN A down the pipe.

THIS PRODUCT IS LABELLED AS DANGEROUS AND MUST BE TREATED AS SUCH

CAUTIONS

DRAIN-KLEEN A contains Sulphuric Acid - Hazchem Code: 2P UN No. 1830 - CAS Registration Number: 07664-93-9 - which is corrosive in its Raw Material State. Always be familiar with the relevant Hazard Guide Sheet and use protective apparel when using this product especially gloves and goggles/face mask - and always handle with extreme care. Provide adequate ventilation when using. Avoid prolonged contact with hands and avoid contact with skin, eyes and clothing. The wearing of safety apparel is recommended. In case of eye contact, immediately flush eyes with cold water and consult a physician. Wash hands thoroughly after use. Do not swallow - if swallowed do not induce vomiting but consult a physician immediately. Store in a safe place away from children, pets and unauthorised personnel. It is always advisable to let your nearest base for Medical Assistance have a copy of this Data Information Sheet and its relevant Hazard Guide Sheet.

WARRANTY

We warrant our goods to conform to our standard specifications. This warranty is in lieu of any and all other warranties or guarantees. Our obligation hereunder for breach of such warranty is limited to either refund of the purchase price or replacement of said product as we may elect. We make no other warranties, express or implied, including those of MERCHANTABILITY and FITNESS FOR A PARTICULAR PURPOSE.

We believe that the statements, technical information and recommendations contained herein are reliable, but are given without warranty or guarantee of any kind except as specified above. Beyond that specified above, we assume no responsibility for any loss, damage or expense, direct or consequential, arising out of the use of, or inability to use, our goods. Their quality and suitability for a particular purpose or use should be confirmed by the user's own tests.
