

Liquid Laundry

[Laundry Liquid For Automatic Washing Machines]

INTRODUCTION

LIQUID LAUNDRY is a washing liquid with a powerful action which removes soils. Liquid laundry contains optical brightening agents to enhance colours and prevent "Greying Out" of whites. LIQUID LAUNDRY is designed to be used in place of washing powder. It can be used through the conventional drawer method or through a dosing unit.

ADVANTAGES

- Economical
- Does not clog up machine drawer
- Less is used than normal washing powder
- Environmentally friendly

APPLICATIONS

Laundry : Use 40-60ml per 5 kg of dry weight laundry

CAUTIONS

LIQUID LAUNDRY is a highly concentrated detergent therefore take care to avoid using too much as this could lead to excessive foaming

This is an environmentally friendly product and can therefore be handled completely without fear of contamination, poisoning or skin irritation. If swallowed, drink copious amounts of water or milk to produce vomiting.

The recommendations herein are based on laboratory tests and in field use experiments. To the best of our knowledge these are accurate and since conditions of actual use are beyond our control, all recommendations are made without any warranty whatsoever.
