

## SANKLOR POWDER

(Heavy Duty Disinfectant Detergent)

### INTRODUCTION

SANKLOR POWDER is a highly concentrated heavy duty disinfectant and deodorising detergent specially designed for the cleaning and sanitising of Tanks, fittings, utensils, walls, floors and working surfaces in the food and beverage industry.

SANKLOR POWDER is also a powerful algaecide which will kill and remove black algae in wine cellar applications.

### ADVANTAGES

- Economical due to high concentration
- Effective in hard, as well as soft water areas.
- Contains a blend of non-ionic detergents which are particularly effective against fatty and proteinaceous soiling.
- Organo-chlorine disinfectant provides broad spectrum bactericidal action and acts as an effective barrier to cross-contamination.
- Formulated to combat the types of soiling particularly found in the beverage industry.
- Biodegradable, Non fragranced.

### APPLICATIONS

Use a 1% solution of SANKLOR POWDER in warm water at 50° Celsius for cleaning of tanks and utensils and for general cleaning.

For floors, prepare a 2% solution in warm water or sprinkle on a damp floor, then scrub and rinse.

For working surfaces and utensils, wash off loose soiling then scrub with a 1% solution and rinse.

**PLEASE NOTE:** A 1% solution of SANKLOR POWDER contains 200 ppm of free chlorine. Not to be used to soak aluminium implements/pots.

### TECHNICAL DATA

|                  |   |              |
|------------------|---|--------------|
| Appearance       | : | White powder |
| Foam             | : | High Foaming |
| pH (1% solution) | : | +/-10        |
| Wetability       | : | Excellent    |

## CAUTIONS

SANKLOR POWDER is a slightly alkaline, chlorinated detergent, category 2. Always wear protective clothing when handling SANKLOR POWDER. Avoid skin and eye contact. Be aware of relevant First Aid treatment; handle with care; wash hands after use and store in a cool and safe place away from unauthorised persons and children. Do not store near acids.

## FIRST AID

|                      |                                                                                                                                                                    |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Skin contact:</i> | Wash with plenty of water. Remove and wash contaminated clothing before re-use.                                                                                    |
| <i>Eye contact:</i>  | Wash immediately under running water. Cover with a sterile gauze. Obtain immediate medical attention.                                                              |
| <i>If swallowed:</i> | Wash mouth out thoroughly with water. Give water to drink, followed by fruit juice or diluted vinegar. Do not induce vomiting. Obtain immediate medical attention. |
| <i>Inhalation:</i>   | Remove from exposure. Obtain medical attention if irritation persists.                                                                                             |
